

# Witches Star

**Witches Star**  
12" block

**Witches Star Piecing**

## Fabric and cutting requirements for each Witches Star block

Black	8" x 18" scrap	8 A
Lime green	8" x 18" scrap	8 B, 8 C
Pale yellow	12" x 12" scrap	4 D, 4 E

## Patches

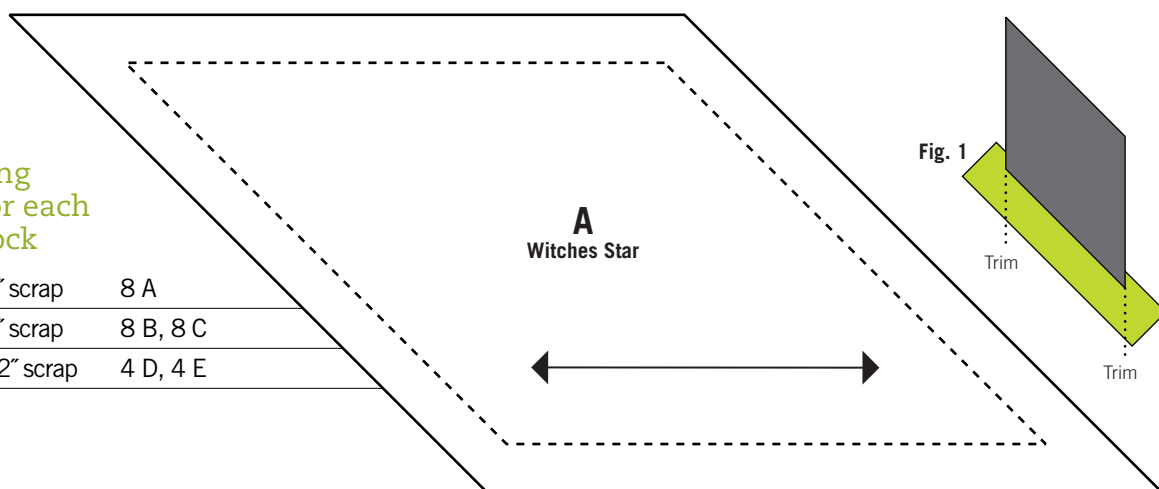

A = template

B = 1" x 5" rectangle

C = 1" x 6" rectangle

D = 6¼" square cut diagonally twice

E = 4" square

Using the 45-degree line on your ruler, trim the B to match the edges of A, Fig. 1. In the same manner and referring to the block piecing diagram, join C to the AB unit and trim. Repeat for the remaining star points.

Refer to the block piecing diagram and arrange the star point units, D's, and E's on your work surface. Join the patches and star point units, setting in seams as necessary. [TQL](#)
